

Tracy Jenner

Yankeetown, Florida 34498

As an elementary teacher in Florida, I know that seamlessly infusing digital learning throughout the curriculum is a prerequisite for students to graduate from high school with the skills and knowledge they need to succeed in today's global economy. Access to high-speed broadband is the key to allowing modern teaching and learning to occur in all schools across the country. Please help ensure that schools have the capabilities to use the internet and bandwidth for all the programs that are so useful to teach with and collect the much needed data that counties need.
